City of Charlottesville
Charlottesville, VA

PROJECT HIGHLIGHTS

Environmental Benefits
1,996 tons of harmful greenhouse gas emission reduced annually
Equivalent to:
• Preserving 12.6 acres of forest from deforestation* or
• Conserving 2,410 barrels of oil*

Capital Costs
$1,835,893

Annual Savings
$198,059

Annual Utility Cost Reduction
10%

PROJECT DESCRIPTION
Energy Savings Performance Contract

Challenge: The City of Charlottesville’s utility costs increased 35% in a single year. With the rising cost of energy, the city faced a potentially significant impact on budgets now and into the future. This project involved 32 buildings, which included all the major municipal buildings (city hall, courthouse, detention center, fire station, library, parks and recreation, etc.) and nine schools, totaling 1,478,499 square feet.

PROJECT SCOPE

Solution: ConEdison Solutions, through its subsidiary, Custom Energy Services, was able to help the city decrease energy consumption and save taxpayer dollars by implementing lighting upgrades and water conservation measures.

In addition to those measures, a solar water heating system was installed in the city’s fire station. Since the fire station is occupied twenty-four hours a day, seven days a week, there is a large demand for hot water. The water heaters in the facility use natural gas to heat the water. The solar hot water system uses the energy from the sun to preheat the water. This allowed the city to reduce the amount of natural gas needed to heat the water to the appropriate temperature.

Construction start date:
May 2008

Construction end date:
October 2008

ENERGY CONSERVATION MEASURES

Lighting system upgrade
Solar water heater installed
Water conservation

“...Custom Energy (A ConEdison Solutions Company) performed a Technical Energy and Water Savings Audit of eleven major buildings in the City of Charlottesville, VA. ...We have initiated approximately $1 million in capital improvements, and will soon execute an energy performance contract with Custom Energy for an additional $1.3 million of recommended improvements.

...I have been extremely impressed with the team assigned by Custom Energy. They have proven to be knowledgeable, flexible, detail-oriented professionals, whose first concern is always my first concern.”
